Denials of transfers or transfers granted by the market agent shall be reviewed by the Director upon application.

(k) *Petition for relief from hardships.* (1) Any person affected by FDO 79 or the provisions hereof who considers that compliance therewith would work an exceptional and unreasonable hardship on him, may file with the market agent a petition addressed to the Director. The petition shall contain the correct name, address and principal place of business of the petitioner, a full statement of the facts upon which the petition is based, and the hardship involved and the nature of the relief desired.

TITLE 29—LABOR

Chapter IV—Children's Bureau

[Child Labor Reg. 3, Amdt.]

PART 441—EMPLOYMENT OF MINORS BETWEEN 14 AND 16 YEARS OF AGE

EMPLOYMENT IN RAW SHRIMP HOUSES

Whereas, the Chief of the Children's Bureau, United States Department of Labor, issued Child Labor Regulation No. 3 (Part 441, Chapter IV, Title 29, Code of Federal Regulations), effective May 24, 1939, providing that the employment of minors between the ages of 14 and 16 years under specified conditions in all occupations other than those specifically excepted by such regulation shall not be deemed to constitute oppressive child labor, and

Whereas, among the occupations excepted from the scope of Child Labor Regulation No. 3 are all processing occupations, including occupations requiring the performance of any duties in workrooms or workplaces where goods are processed, and

Whereas, a petition was received from certain operators of raw shrimp houses in the State of North Carolina, requesting authority to employ minors under 16 years of age in the picking or heading of shrimp, a processing occupation in which the employment of such minors now constitutes oppressive child labor, and

Whereas, the question raised by said petition appeared to be a question of interest to the entire raw shrimp industry, and

Whereas, after notice duly published in the FEDERAL REGISTER, a public hearing was held on September 17, 1943, upon the following issues:

1. In what occupations, if any, is the employment in raw shrimp houses of minors between the ages of 14 and 16 years in the preparation of shrimp for shipment in its raw state necessary for the war effort, and

2. If such employment of minors between the ages of 14 and 16 years is found to be necessary for the war effort, what safeguards should be established to protect their schooling and their health and well-being, and

Whereas, the complete record of the proceedings before the presiding officer has been transmitted to and reviewed by the Chief of the Children's Bureau, and

Whereas, the War Manpower Commission, through the Rural Industries Division of its Bureau of Placement, has recommended that because of labor shortages in shrimp producing areas Child Labor Regulation No. 3 be amended to permit the employment under suitable conditions of minors between 14 and 16 years of age in shrimp heading and peeling occupations in raw shrimp houses, and

Whereas, it appears that the employment of minors between the ages of 14 and 16 years in the heading and peeling of shrimp for shipment as fresh raw or fresh frozen shrimp, and the employment of such minors in such occupations after the hour of 7 p. m., are necessary for the war effort,

Now, therefore, *It is ordered*, That Part 441 of Chapter IV, Title 29, Code of Federal Regulations, is hereby amended so as to include the following section to be designated as section 441.10:

§ 441.10 *Employment in raw shrimp houses.* Notwithstanding the provisions of §§ 441.2 (a) and 441.3 (f) hereof, during the continuance of the present war and for six months after the termination thereof, unless terminated prior thereto by order of the Chief of the Children's Bureau, this regulation shall apply to the heading and peeling of shrimp for shipment as fresh raw or fresh frozen shrimp when carried on under the following conditions:

(a) Such employment shall be confined to the periods prescribed in §§ 441.3 (a) to 441.3 (e), inclusive.

(b) Such employment shall be confined to the period between 7 a. m. and 8 p. m. in any one day.

(c) Such employment shall not be permitted on more than six days in any seven-day period.

(d) A meal period of not less than 45 minutes shall be allowed after not more than five hours of work during each day of employment.

(e) Pure drinking water, adequate washing facilities, and adequate sanitary toilet facilities shall be made available within the immediate proximity of each shrimp picking shed in or about which minors between 14 and 16 years of age are employed.

This amendment shall become effective upon publication in the FEDERAL REGISTER.

Dated: October 7, 1943.

KATHARINE F. LENROOT,
Chief.

MANUFACTURERS' PRICES FOR FALL AND WINTER KNITTED UNDERWEAR

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1389.302 of Maximum Price Regulation 221 is amended by adding paragraph (e) to read as follows:

(e) *Temporary increase for certain manufacturers of specified garments.* (1) On and after October 7, 1943, a "jobber mill" (as defined in subparagraph (2)) may increase its maximum prices established under paragraph (a) of this section by not more than 6% on any of the following garments of fall and winter knitted underwear, provided delivery is made prior to February 1, 1944:

(i) Men's union suits, 12 pounds and over per dozen (weight calculated on size 42.)

(ii) Boys' union suits, 8 pounds and over per dozen (weight calculated on size 34).

(iii) Men's shirts and drawers, 7 pounds and over per dozen (weight calculated on size 42 shirts).

(2) A "jobber mill" is a manufacturer which in the calendar year 1942 made 75% or more of its total dollar domestic civilian sales of fall and winter knitted underwear to wholesalers (that is, establishments which buy on their own account and resell principally to retailers), chain stores (that is, establishments owning 5 or more retail stores) and mail order establishments.

(3) Every "jobber mill" which sells or delivers garments at the increased prices permitted by this paragraph (e) shall furnish at the time of delivery of such garments, to the purchaser thereof, a notice in the following form:

Pursuant to Amendment No. 4 to MPR 221, the Office of Price Administration has permitted us to increase our ceiling prices for the knitted underwear garments listed below. This increase is part of an emergency program to obtain additional production of these essential garments. It is a temporary increase and applies only to deliveries made by us prior to February 1, 1944. It was granted by OPA with the understanding that wholesale and retail prices would not be increased.

Your ceiling prices for these garments remain under MPR 210. In reselling those of the garments listed below, which are included in this shipment, the OPA has not permitted you or any other seller to increase your ceiling prices over those previously established:

Men's union suits, 12 pounds and over per dozen (weight calculated on size 42).

Boys' union suits, 8 pounds and over per dozen (weight calculated on size 34).

Men's shirts and drawers, 7 pounds and over per dozen (weight calculated on size 42 shirts).

Every jobber mill must furnish his customers with the above notice either by forwarding copies attached to the invoice to accompany each shipment of garments priced under this paragraph (e), or have the notice stamped or printed on the invoice, if that is more convenient.

This amendment shall become effective October 7, 1943.

CARROTS IN NEW ENGLAND

Order No. G–3 under Maximum Price Regulation No. 376. Certain fresh fruits and vegetables.

For reasons set forth in an opinion issued simultaneously with this order and under the authority vested in the Regional Office, Region I, Office of Price Administration by section 4 (c) of Maximum Price Regulation No. 376, *It is hereby ordered:*

(a) *Sellers subject to this order.* This order applies to the following sellers as defined herein of the listed commodities under Maximum Price Regulation No. 376, namely snap beans and Western bunch carrots:

(1) Terminal sellers.
(2) Brokers.
(3) Carlot receivers.
(4) Intermediate sellers.

(b) *Definitions and maximum prices of terminal sellers, brokers and carlot receivers.* (1) The maximum prices for the sale or delivery of the listed commodities established by Maximum Price Regulation No. 376 for terminal sellers, brokers and carlot receivers are hereby modified so that the maximum prices for sales or deliveries of said listed commodities by such sellers, except as otherwise provided in paragraph (c) of this order shall be as set forth in Appendix A of this order for carlot or truck lot sales (whether or not carlots or truck lots are mixed) multiplied by 1.035.

(2) For the purposes of this order, the foregoing types of sellers are defined as follows:

(i) A "terminal seller" is a person who receives or purchases a listed commodity, whether for his own account or for the account of another person, on consignment or otherwise, who customarily sells ex track, ex truck or ex shipping shed in the terminal market and who does not customarily warehouse or deliver beyond the terminal market area.

(ii) A "broker" is a person who acts as an agent for the sale of a listed commodity and who does not customarily warehouse, store, or otherwise distribute such listed commodity.

(iii) A "carlot receiver" is a person who purchases or receives a listed commodity by carlot or truck lot, whether for his own account or for the account of another person, on consignment or otherwise.

(3) Every sale or delivery of a listed commodity covered by this order to an intermediate seller shall be accompanied by a notification in writing to the intermediate seller showing the supplier's base price for such sale or delivery computed under Appendix A of this order.

(c) *Definitions and maximum prices of intermediate sellers.* (1) For the purposes of this order, the term "intermediate sellers" means wholesalers, jobbers, or any other persons who purchase or receive, on consignment or otherwise, for the purpose of reselling or delivering and who customarily make sales or deliveries in less than carlots or truck lots and in their customary wholesale quantities to wholesalers, to retailers, or to industrial, institutional, commercial or governmental users.

(2) Intermediate sellers shall be divided into the following classes:

(i) *Class 1: Retailer-owned cooperative wholesaler.* A retailer-owned cooperative wholesaler is either a nonprofit organization or a corporation of which 51% or more of the stock is owned by its retail customers and which distributes the listed commodities for resale.

(ii) *Class 2: Cash and carry wholesalers.* A cash-and-carry wholesaler is a wholesaler not in Class 1 who distributes the listed commodities for resale or to commercial, industrial, institutional, or governmental users and who does not customarily deliver to purchasers.

(iii) *Class 3: Service wholesalers.* A service wholesaler is a wholesaler not in Class 1 who distributes listed commodities for resale or to commercial, industrial, institutional, or governmental users and who customarily delivers to purchasers.

(3) The "base price" of any intermediate seller for any listed commodity covered by this order is the computed price as set forth in Appendix A.

(4) The maximum prices for the sale or delivery of the listed commodities established by Maximum Price Regulation No. 376 for "intermediate sellers" are hereby modified so that the maximum price for the sale or delivery of a listed commodity covered by this order by such sellers shall be calculated as follows:

(i) The intermediate seller shall first determine his proper class under subparagraph (2) of this paragraph.

(ii) He shall then compute his maximum prices as follows:

(a) An intermediate seller in Class 1 or Class 2 who buys from another intermediate seller shall multiply the base price by 1.20.

(b) All other intermediate sellers in Class 1 or Class 2 shall multiply the base price by 1.095.

(c) An intermediate seller in Class 3 who buys from another intermediate seller shall multiply the base price by 1.29.

(d) All other intermediate sellers in Class 3 shall multiply the base price by 1.175.

(iii) He may then add the amount of the lowest common carrier rate, for the type of transportation used, from the nearest terminal market at which such listed commodity could have been purchased on the date of such sale or delivery, whether actually purchased there or not, or from the supplier's shipping point to the intermediate seller's customary receiving point, whichever is lower: *Provided, however,* That charges for local hauling and local unloading shall not be added.

(iv) Every sale or delivery of a listed commodity covered by this order to an intermediate seller shall be accompanied by a notification in writing to the intermediate seller showing the supplier's base price for such sale or delivery computed under Appendix A of this order.

(d) *Applicability of Maximum Price Regulation No. 376 and any orders issued by this office under that regulation or under Temporary Maximum Price Regulation No. 28.* Any sales or deliveries of any type or variety of the listed commodities not specifically covered by this Order shall reman subject to the provisions of Maximum Price Regulation No. 376 and any orders which were issued under that Regulation or Temporary Maximum Price Regulation No. 28 and which are still effective except as superseded by this order. The ceiling prices for transactions covered by this order shall be determined under it rather than under Maximum Price Regulation No. 376 or under any other order previously issued by this office.

(e) *Geographical applicability.* The provisions of this order shall be applicable throughout Region I, i. e., throughout the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, and Rhode Island.

(f) *Definitions.* Unless the context otherwise requires, the definitions as set forth in section 302 of the Emergency Price Control Act as amended, and section 20 of the General Maximum Price Regulation shall apply to the terms used in this order.

(g) *Revocation or replacement.* This order may be revoked or amended at any time.

(h) *Appendix A: Base prices.*

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by section 18 (c) of the General Maximum Price Regulation, as amended by Amendment 33, *It is hereby ordered:*

(a) For firewood sold or delivered in the State of Maine the maximum prices established by § 1499.2 of the General Maximum Price Regulation are modified so that the maximum prices for firewood sold or delivered therein shall be the prices set forth in Appendix A hereof, incorporated herein as paragraph (h).

(b) *Definitions.* When used in this order the term:

(2) "Hardwood" means wood cut from deciduous trees, except poplar and basswood.

(3) "Softwood" means poplar and basswood and wood cut from nondeciduous trees.

(4) "Cordwood" means any firewood so prepared that at least 80 percent consists of cleft wood or merchantable body wood in the round of desirable species and firewood resulting from the practice (mostly in Aroostook County and adjoining Canadian Provinces) of cutting logs into 16-inch lengths and splitting such lengths into slabs two or three inches thick. Cordwood shall also include hardwood slabs and hardwood shipyard waste, 90 per cent or more of which is at least 12 inches long, with an average thickness of 1½ inches and a width of at least 4 inches. Hardwood slabs and hardwood shipyard waste less than 90 per cent of which meets these specifications must be priced as hardwood edgings.

(5) "Slabwood" means the refuse, except sawdust and bark not adhering to the wood, resulting from the sawing of any logs.

(6) "Edgings" means the round edge parts of boards removed in the process of sawing round edge boards into square edge boards.

(7) "Blocks" means small chunks of wastewood, such as the ends of boards or the ends of spool bars.

(9) A load of firewood, not exceeding 16 inches in length, sold in the loose shall contain not less than 144 cubic feet; ½ of a load shall contain not less than 72 cubic feet; and ¼ of a load shall contain not less than 36 cubic feet (see Chapter 204, section 1, Maine Laws of 1939).

(10) "Delivered" means deposited on or at the premises designated by the buyer, but does not include piling or stacking.

(11) "Zone 1", "Zone 2", "Zone 3", "Zone 4", and "Zone 5" mean the zones set forth in Appendix B, incorporated as section (i) hereof.

(c) The price limitations set forth in this order shall not be evaded either by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to firewood in the State of Maine, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying agreement or other trade understanding or otherwise. Specifically, without limiting the generality of the foregoing, the following practices are forbidden:

(1) No seller shall require as a condition of any sale or delivery of firewood that the buyer use any services of the seller in carrying, stacking or piling the purchased wood on the premises of the buyer.

(2) No seller shall increase prices by any charge for the extension of credit, or by any decrease in the time customarily allowed for payment.

(4) Unless the context otherwise requires, the definitions set forth in section 20 of the General Maximum Price Regulation shall apply to the terms used in this order.

(e) This order may be revoked, amended, or corrected at any time.

(f) On and after its effective date this order shall supersede Order G-1 under Supplementary Regulation 14 to the General Maximum Price Regulation, as amended, (Maine) (formerly Maine State Office Price Order No. 1)—Firewood—issued October 3, 1942, as to all sales or deliveries for which maximum prices are fixed by this Order G-30.

The prices set forth in the following tables are the maximum prices for firewood sold or delivered in the State of Maine: *Provided,* That for the sale of firewood suitable for stove use, split to the buyer's order, the seller may increase the appropriate delivered firewood price by $1 per cord or per load. If firewood is sold or delivered in a quantity for which a price is not specified in the following tables, the maximum price for such quantity shall be that proportion of the maximum price for the next larger quantity listed in the following tables that the quantity sold or delivered bears to such next larger quantity.
